SURVEY OF SINGAPORE FOREIGN EXCHANGE VOLUME IN OCTOBER 2013

The Singapore Foreign Exchange Market Committee (SFEMC) is pleased to announce the results of the semi-annual survey of foreign exchange volume in Singapore. The aim of the survey is to provide greater market transparency and better monitoring of foreign exchange activity.

The main findings of the survey are:

- 1) Average daily reported 'traditional'¹ foreign exchange turnover was US\$282bn, a -14.73% decrease compared to April 2013.
- 2) Average daily reported turnover in OTC foreign exchange derivatives² was US\$61bn, a 0.68% increase compared to April 2013.

Details of the survey are available at <http://www.sfemc.org>. The survey is based on information compiled from the top 30 FX activity institutions in Singapore, with support from the Monetary Authority of Singapore in the collection of data and administering of survey. The reporting basis of the survey is the location of the trading desk. The SFEMC also collaborated with the New York Foreign Exchange Committee, United Kingdom's Foreign Exchange Joint Standing Committee, Tokyo Foreign Exchange Market Committee, Canadian Foreign Exchange Committee and Australian Foreign Exchange Committee, which conducted similar surveys over the same time period for the North American, UK, Japan, Canadian and Australian markets respectively.

The results of the surveys can be found at
