NOW, THEREFORE, each Party agrees as follows:

SECTION 1. Amendments. With effect from the Amendment Effective Date between two Parties, if an Affected Discontinued Rate is to be determined for a Fixing Date for an Affected Covered Transaction between such Parties and such Fixing Date occurs (i) on or after such Amendment Effective Date and (ii) after the Discontinuation Date for such Affected Discontinued Rate, then notwithstanding anything to the contrary in the Affected Covered Transaction Document:

(i) where the Affected Discontinued Rate is the SGD-SOR-Reuters rate for the Designated Maturity of overnight, 1 month, 3 months or 6 months, the rate used in lieu of such Affected Discontinued Rate shall be the SGD-SOR-VWAP rate for the corresponding Designated Maturity;
(ii) where the Affected Discontinued Rate is the SGD-SONAR-OIS-COMPOUND rate, the rate used in lieu of such Affected Discontinued Rate shall be the SGD-SONAR-OIS-VWAP-COMPOUND rate;

(iii) where the Affected Discontinued Rate is the SONAR rate, the rate used in lieu of such Affected Discontinued Rate shall be the SONAR-VWAP rate;

(iv) where the Affected Discontinued Rate is the SGD-SOR-Reuters rate for the Designated Maturity of 1 week, the rate used in lieu of such Affected Discontinued Rate shall be the rate determined through Linear Interpolation of the SGD-SOR-VWAP rate for the Designated Maturities of overnight and 1 month, provided that this shall not apply in the case of a Pre-existing Linear Interpolation;

(v) where the Affected Discontinued Rate is the SGD-SOR-Reuters rate for the Designated Maturity of 2 months, the rate used in lieu of such Affected Discontinued Rate shall be the rate determined through Linear Interpolation of the SGD-SOR-VWAP rate for the Designated Maturities of 1 month and 3 months, provided that this shall not apply in the case of a Pre-existing Linear Interpolation;

(vi) in the case of a Pre-existing Linear Interpolation, where either of the rates involved in such Pre-existing Linear Interpolation is the SGD-SOR-Reuters rate for the Designated Maturity of 1 week or the SGD-SOR-Reuters rate for the Designated Maturity of 2 months, the express provisions of such Pre-existing Linear Interpolation shall be disregarded and in lieu thereof, the applicable rate shall be determined through the use of straight-line interpolation by reference to two rates based on the SGD-SOR-VWAP rate, one of which shall be determined as if the Designated Maturity were the period of time for which the SGD-SOR-VWAP rate is available next shorter than the length of the applicable Calculation Period or Compounding Period and the other of which shall be determined as if the Designated Maturity were the period of time for which the SGD-SOR-VWAP rate is available next longer than the length of the applicable Calculation Period or Compounding Period;

(vii) where the Affected Discontinued Rate is the SGD-SIBOR-Reuters rate for the Designated Maturity of 2 months, the rate used in lieu of such Affected Discontinued Rate shall be the rate determined through Linear Interpolation of the SGD-SIBOR-Reuters rate for the Designated Maturities of 1 month and 3 months, provided that this shall not apply in the case of a Pre-existing Linear Interpolation;

(ix) in the case of a Pre-existing Linear Interpolation, where either of the rates involved in such Pre-existing Linear Interpolation is the SGD-SIBOR-Reuters rate for the Designated Maturity of 2 months or the SGD-SIBOR-Reuters rate for the Designated Maturity of 9 months, the express provisions of such Pre-existing Linear Interpolation shall be disregarded and in lieu thereof, the applicable rate shall be determined through the use of straight-line interpolation by reference to two rates based on the SGD-SIBOR-Reuters rate, one of which shall be determined as if the Designated Maturity were the period of time for which the SGD-SIBOR-Reuters rate is available next shorter than the length of the applicable Calculation Period or Compounding Period and the other of which shall be determined as if the Designated Maturity were the period of time for which the SGD-SIBOR-Reuters rate is available next longer than the length of the applicable Calculation Period or Compounding Period;

(x) where the Affected Discontinued Rate is the USD-SIBOR-SIBO rate for the Designated Maturity of overnight, 1 week, 1 month, 2 months, 3 months, 6 months or 12 months, the rate used in lieu of such Affected Discontinued Rate shall be the USD-LIBOR-BBA rate for the corresponding Designated Maturity;

(xi) where the Affected Discontinued Rate is the USD-SIBOR-SIBO rate for the Designated Maturity of 9 months, the rate used in lieu of such Affected Discontinued Rate shall be the rate determined through Linear Interpolation of the USD-LIBOR-BBA rate for the Designated Maturities of 6 months and 12 months, provided that this shall not apply in the case of a Pre-existing Linear Interpolation;

(xii) in the case of a Pre-existing Linear Interpolation, where either of the rates involved in such Pre-existing Linear Interpolation is the USD-SIBOR-SIBO rate for the Designated Maturity of 9 months, the express provisions of such Pre-existing Linear Interpolation shall be disregarded and in lieu thereof, the applicable rate shall be determined through the use of straight-line interpolation by reference to two rates based on the USD-LIBOR-BBA rate, one of which shall be determined as if the Designated Maturity were the
period of time for which the USD-LIBOR-BBA rate is available next shorter than the length of the applicable Calculation Period or Compounding Period and the other of which shall be determined as if the Designated Maturity were the period of time for which the USD-LIBOR-BBA rate is available next longer than the length of the applicable Calculation Period or Compounding Period.

For the avoidance of doubt, the amendments set out herein shall replace any provisions expressly set out in the Affected Covered Transaction Document that specify fallback methods for determining the rate for an Affected Discontinued Rate.

SECTION 2. Effect of this Amendment. By signing this Amendment, the Affected Covered Transaction Document between a Party and any other Party will be deemed amended as specified in Section 1 above, and such amendment will be effective in the same manner as though each Party had signed an amendment with each other Party with whom it has an Affected Covered Transaction Document.
